Twitter DMs

  Blaze 
<div>✓ Can bulk sending DMs block my account?</div> <div>No, bulk sending DMs through Blaze won't block your account. We ensure that the DMs are sent out in batches with adequate time intervals that twitter does not flag.</div>
<div>✓ How many DMs can I send in a day?</div> <div>The optimal no of DMs that the platform sends for one account in a day is 480.</div>
<div>✓ How do I exclude people I have already messaged from my DM campaign?</div> <div><div>#</div><div><div>1. Click on the ellipsis next to the filters panel.</div><div>2. Select the checkbox against "Exclude previously messaged leads".</div><div>3. Click on the Apply button.</div></div></div>
<div>✓ How do I pause a campaign?</div> <div><div>1. Head to "Campaigns" through the nav bar</div><div>2. Click on "Twitter Campaigns"</div><div>3. Select the campaign that you wish to pause.</div></div>

4. On the campaign page, click on the "Pause Campaign" button on the top right

✓ How do I delete a campaign?

To delete a campaign, reach out to support@withblaze.app

✓ What is the character limit for DMs?

We limit the DMs are 10,000 characters. For higher response rates, we suggest you to limit messages to 500 characters.

✓ Do we require link shortening on Twitter DMs?

No, Twitter automatically shortens any URL to a 23 character link. Refer to [this documentation](#) ↗ by Twitter for further understanding.
