Note: Before integrating ad account make sure you have run an ad campaign from your account.

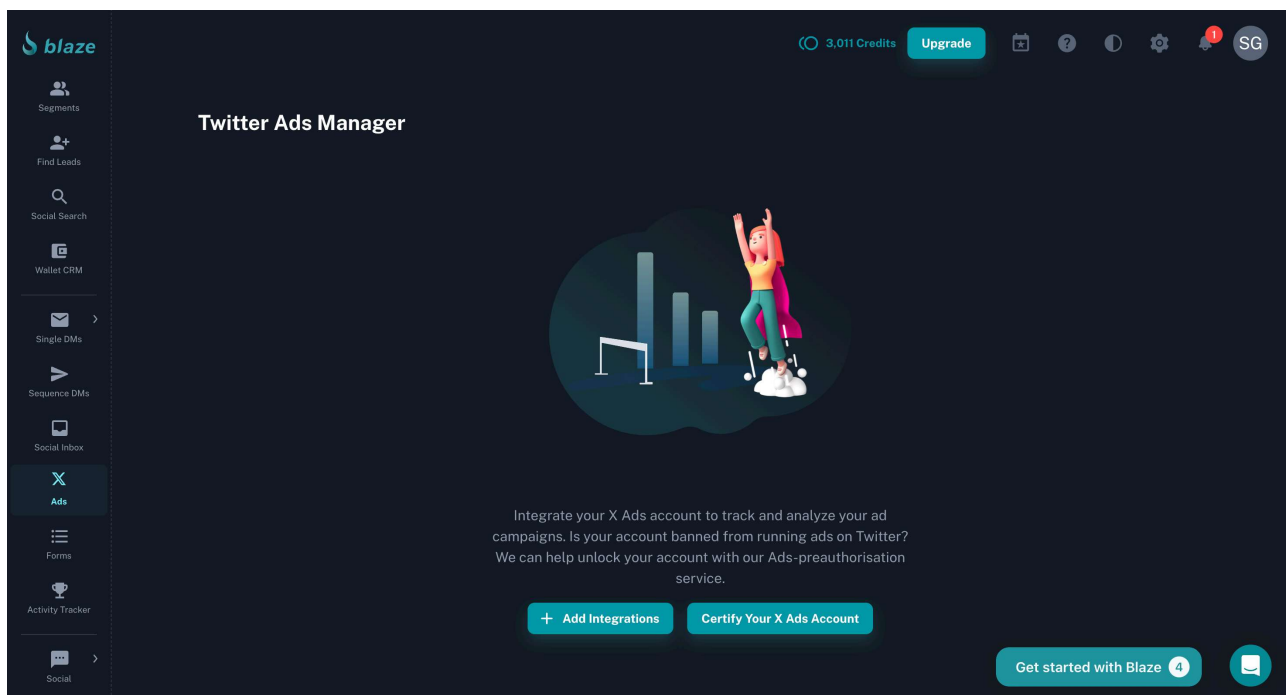

1. Add Blaze as ad manager. Here's a quick how to:

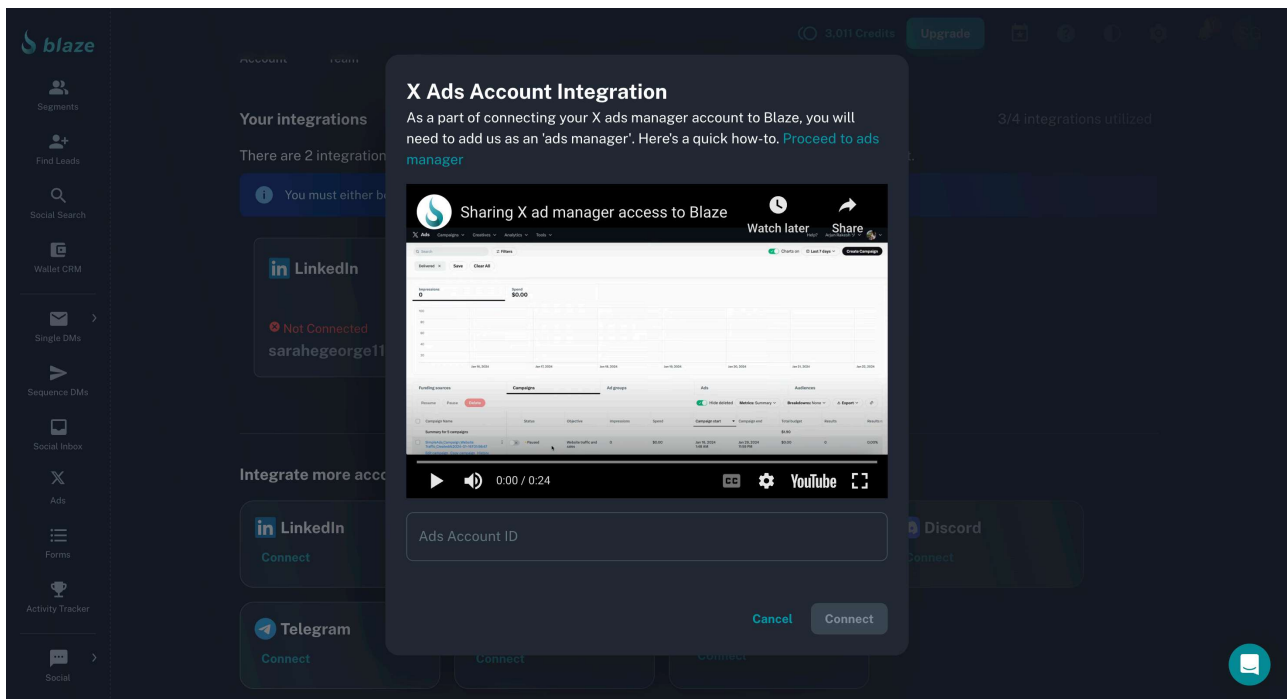

2. Sign up on the platform at dashboard.withblaze.app.

3. Go to X ads and click on add integration

4. Click on "Connect" under X ads, and the pop-up page shown below will appear. Enter ads account id, once you add blaze as ad manager.
