Uploaded Segments

LinkedIn and twitter leads uploaded by user

These are segments that are uploaded by the user manually. You can upload a CSV or enter the a list of audiences in a comma separated format.

Blaze supports three types of uploaded segment:

1. Twitter upload segment
2. LinkedIn uploaded segment
3. Wallets uploaded segment

Segments				 Upload segment	 Get leads from a Blaze expert
 Saved	 Curated	 Community	 Uploaded		
 web3 marketing employees	LINKEDIN USER	Apr 1, 2025	 Add To Sequence		
 Solflare-KOLs-24th Mar	TWITTER USER	Mar 24, 2025	 Add To Sequence		
 ICO leads - march25	LINKEDIN USER	Mar 21, 2025	 Add To Sequence		
 Betmode audience 2 nft traders with txn>...	TWITTER USER	Mar 18, 2025	 Add To Sequence		
 Betmode audience 2 not marketplace trad...	TWITTER USER	Mar 18, 2025	 Add To Sequence		

Lead list uploaded by customer

There are two ways to upload on Blaze:

1. [Upload a CSV](#)
2. [Past URLs](#)

Upload CSV

Paste URLs

**Note:**

When uploading LinkedIn links or usernames for the "Uploaded" segment in Blaze, **only the individual's LinkedIn username** (i.e., the part after

`linkedin.com/in/`) is supported.

We **do not support** LinkedIn FSIDs, company profile URLs, or company usernames.
