Invite your team

Team collaboration walkthrough

To invite your team, head over to the Team settings ↗ in your dashboard by doing the following:

1. Click on the settings icon on the top right of your dashboard
2. Click on the teams tab
3. Add your team's emails (all plans include 1 seat, and you can add seats at $99/m on the Plus plan and above). See our pricing here. ↗
4. Click save to send the invite
5. Tell your colleague to check their email, and sign up to Blaze using the email they received the invite on.

> ⓘ   Tip: You can add multiple people at one time if you put commas between emails!
